

AARNIPP
Alberta Association of Registered Nurses in Private Practice

AARNIPP is an association of Registered Nurses who offer direct care, advocacy, health promotion, educational, research, administrative and/or consultative professional nursing services within a private practice.

Private practice nurses are financially responsible for their practice and may be paid by public or private funding sources.

RNs with a current CARNA practice permit and engaged in, establishing, or supportive of private nursing practice are eligible for active membership. Associate membership is available to RNs not qualifying for active membership.
